### SPECIAL OFFER ALSIKE

Bright Colored New Crop 98.50 pure . . . . . \$16.00 per cwt.  
As previously advised Alsike is equal to Red Clover as a crop in nearly every respect and is much more economical to sow.

### JUST A WORD ABOUT FOREIGN CLOVER

Most of the objection to foreign clover is due to prejudice to the name "foreign". The U. S. Department of Agriculture will tell you with the possible exception of Italian grown, and seed grown in Southern Europe, all others are equal to our native grown seed. They have made tests that bear out this statement. We have confined our purchases to seed approved by the authorities.

Subject to immediate acceptance and market changes we quote f. o. b. Louisville
